GRANDFATHER

Floor clock

H. 170cm | 66,9" W. 85cm | 33,4" D. 32cm | 12,5"

This is a piece marked by great sentimental value, because it is inspired by the grandfather's tender figure and his old clocks that accompanied our childhood. Now these unique beauty pieces add a classic and classy touch to our modern spaces. The Grandfather floor clock is a creation that combines this classic beauty with a contemporary and irreverent visual that ennobles any environment. Because this piece combines feelings and memories shared throughout the world, the Grandfather floor clock was designed with five clocks representing five great capitals of fashion and design.

Materials | Calacatta gold marble, solid brass + 24k gold plated, brass gear train mechanism.

Note: All Bessa pieces can be customized, upon request.

IMAGINARIUM

mirror

W 130cm (51,2") | H 262cm (103,1") | D 12cm (4,7")

This piece is inspired by our childish imagination. Perfect worlds full of dreams where we live such special realities. As children, we imagined and felt things our way: beautiful, comfortable, fulfilling and challenging. This mirror visually summons the nostalgia of such distant world to which we are bound by feelings of belonging that remain alive and very dear. As we look at ourselves in the Imaginarium mirror, we remember old adventures and let ourselves into new and passionate realities. The Imaginarium mirror is a piece of art with a strong visual impact. It astonishes by the reflections and distortions that surround us and seduces by the luxurious frame in carved wood, delimiting the contemporary space of the piece. This conjugation, contrasting in itself, becomes perfect. This is a mirror that summons a unique look, making the piece even more unique.

Materials: Carved wood + gold leaf, inox sheet, mdf back+ lacquered iron back

MONROE

floor lamp

W:40cm (15,7") | H:180cm (70,8")

Marilyn Monroe, the sexiest Pin-up of the 50's, inspired another piece of Art & Design. The Monroe Lamp's design captures the essence of her image and the sensuality of her long legs. The lampshade and the gold tassel fringe complement the set, reminding the dresses used at the time. One hundred percent hand-worked with noble materials, the Monroe Lamp is another piece that expresses a familiar story, bringing passionate memories.

Materials: Solid brass, fabric.

AURUM

center table

W 140cm (55,1") | H 36cm (14,1") | D 80cm (31,4")

Gold has always been a metal valued by mankind as well as in the origin, development and conquest of many known civilizations. The Aurum table recreates the fascination that gold has in our lives. This piece recreates gross pure stones taken without any processing. The gold stones are inside a "showcase" that protects this precious asset. However, we are somehow provoked by this piece, when it allows part of the gold to cross the glass and be within our reach. Bessa recreates the attraction that GOLD exerts on us.

Materials: Statuario marble, solid brass + 24k gold plated, clear tempered glass

LIBERTY

armchair

W 112cm (44,1") | H 145cm (57") | D 90cm (35,4")

The sculptural forms of the 30*s inspire the Liberty Collection. The tubular and steel structures that have marked those years are combined with a new inspiration that emphasizes the antagonistic feeling of deprivation of liberty. This conjunction marks the alliance of a vintage style with modern sensibilities. The curvy and exaggerated shapes of the sofa's arms symbolize the end of enclosed spaces which are transformed into open doors to freedom.

Materials: Brass pipe + varnish, velvet.

PRINCESS

mirrors

W 50cm (19,6") | H 211cm (83,0") | D 4cm (1,5")

These pieces were inspired by our imagery of princesses and castles. Endowed with an elegant silhouette, it is in the baroque flower that adorns the top of these mirrors that we discover details of an imperial faust. The contemporary look does not erase the memories of other times brought by this baroque detail and the old finish of the glass. They are 2 very versatile pieces that adapt to any type of environment.

Materials: Solid Brass, mdflacquered back, aged glass

Materials | Solid brass, aged glass mirror.

LIMITED
EDITION
1 / 30

RUINS

console table

W 165cm (64,9") | H 96cm (37,7") | D 48cm (18,8")

BESSA chose the excellence of Portuguese goldsmithing to make another limited edition piece (1/30) and celebrate one more year. RUINS console infuses the classic culture into BESSA's furniture inspired by the richness of the ancient ruins and the figures of Greek mythology that are cherished by all of us. This exquisite piece plays a special tribute to Apollo, the Greek God of beauty and art, by showing his face being reborn from ruins.

Materials: Portoro marble, hammered brass sheet + 24K fine gold plated (brushed or polished)

PIRATE

wall accessory

W 98cm (38,5") | H 90cm (35,4") | D 29cm (11,4")

This piece of art tells stories of looting and fury, from pirates to avid treasure hunters. The luxurious dagger ripping the treasure map symbolizes these serves. This piece is composed by Swarovsky stones and diamonds. The engraved eagle at the end of the cape represents the strength and power of these sea men. Pirate Wall Accessory is a piece full of life and a strong soul, bringing, to our interiors, stories of reckless adventures.

Materials: Chromed brass sheet, solid brass + 24k gold plated, Swarovsky stones and diamonds

UK FUR

sofa

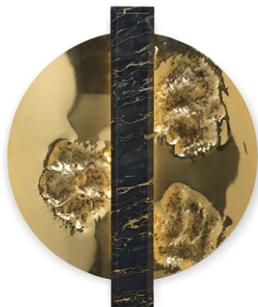

W 242cm (95,2") | H 81cm (31,8") | D 103cm (40,5")

The Uk sofa was inspired in the famous Chesterfield sofa. It is said that these sofas, leather settees with a distinctive deep buttoned, quilted leather upholstery and seat low base, were designed in the Uk in the early eighteenth century. Bessa redesigned this icon of the world design and created a unique chesterfield. The Uk Sofa appears to be levitating. This refreshing look comes from the exquisite brass tube foot. The upholstery of this piece consists in synthetic fur with a soft and warm touch. This is an innovative concept that distinguishes the Uk sofa from all the other Chesterfields in the world. The originality of the Uk sofa is in the innovative details while remaining familiar to the original design. This is another piece that brings back passionate memories!

Materials: Fur upholstery, brass pipe + varnish.

MOONLIGHT

wall lamp

W 82cm (32,2") | H 95cm (37,4") | D 12cm (4,7")

BESSA was inspired by the Moon to bring additional passionate memories to the environments that it re-creates. How many stories of love and happiness were experienced in the moonlight of a huge and beautiful Full Moon? Every moment is kept forever in our memory. BESSA recreates these moments through a piece of Art & Design that recalls this moon so full of life. MOONLIGHT is such a beautiful piece that makes us nostalgic! BESSA added even more value to Moonlight's details through jewelry techniques that recreate the unique features of the Moon's craters in a piece that is true to its inspiration!

Materials: Brass sheet + varnish, marble Portoro.
