LUXURY PROJECTS

projects around the world.*

PROJECT RESIDENCE

Location: New York, USA

This light and airy Manhattan apartment added a touch of seduction with a sultry KOKET revamp. The crisp and bright space provided the perfect backdrop for a luxurious design composed of highly desirable statement pieces.

Blending both new and classic designs, the apartment's color palette is neutral focused except for two Geisha barstools adorned in an exotic ombre-effect fabric. In the dining room and living room, lavish wallcoverings act as accents to add some texture and depth to the room's cream walls.

In the dining room, opulent natural feathers line the accent wall. The muddled browns, blacks and beiges of the genuine quail feathers create a sumptuous background for the Nahema chairs and Intuition dining table. The two tone metal ribbon of the Intuition dining table complements the black and brass design of the Nahema chair. In the corner, the wild design of the Reptilian floor lamp a sultry glow pours from underneath a delicious black satin shade.

Living Room

The living room offers an inviting seating area to entertain or enjoy alone.

The soft wallpaper in Rock On, accentuate the natural agate stones of the show-stopping VIVRE 2 RINGS CHANDELIER

Designed to perform in a matter that indulges the eyes, the Geisha's curves grace a room with the extravagance and poise of a Kyoto Geisha. Opposite of the sofa sit a pair of newly designed Mia chairs featuring a base of stacked, tri-colored metal for polished glamour.

The Tears cocktail table in polished brass and black glass create a striking combination, and the design is enhanced when the tear-shaped top swivels out to become a Tiered cocktail table.

Against the wall of the living room, the geometric design and exotic finishes of the Opium cabinet will seduce you into a euphoric haze. Complementing the geometric design of the Opium the radiant frame of the Stella mirror hangs overhead.

Even the hallways received the irresistible KOKET touch. Never has a storage cabinet looked as gorgeous as the Parisian Armoire.

Hallway & Living Room

In another alcove, more spectacular storage sits impeccably wrapped in a metallic reptile embossed lamb skin leather and sleek black legs. The Guilt mirror hangs above the Temptation console adding a statement while enlarging the look of the hallway. The result of this Manhattan interior design project is a cohesive yet modern style with enough neutrality to remain timeless.

PROJECT HOSPITALITY

Location: London, United Kingdom

Being a design brand inspired by Nature's strength and some of the most interesting cultures around the world, BRABBU takes a lot of pride in having its pieces featured in some wonderful hotels across the globe.

When a luxurious hotel in London was recently renovated, BRABBU was one of the brands whose pieces were specified for the project. All seven floors, including a total of 156 elegant rooms and luxurious suites, were uplifted thanks to the combination of statement pieces, precious fabrics and rich colors.

The oh-so-elegant hotel interior is both fresh and classic, unconventional and timeless. Luxurious green nuances and other trendy colors contrast with gold accents, creating a striking first impression.

IBIS Armchair, PHONG Wall Light and NAJ Bar Chair were some of the pieces picked up for this fabulous project that breaths fierceness and pure elegance. Each room provides a luxurious experience while telling a story from the nature and the world. More than a room, it is space full of memories and unique sensations. A true gift for the senses.

EH ESSENTIAL HOME
MID CENTURY FURNITURE

PROJECT RESIDENCE

Location: New York, USA

A new luxury loft in New York, the Tribeca Loft is a project born from the collaboration between the two high-end design brands DelightFULL and Essential Home. These two brands are characterized by a mid-century style that comes perfectly together in this project, creating a sumptuous interior design. The luxurious ambiance is reached by a careful and well thought out combination of all the design elements, from the color the walls are painted to the little details in every piece.

For this project, the color scheme chosen is based in a neutral color palette, with golden and nickel details, in order to create a sophisticated atmosphere, typical of New York City. At the same time, this ambiance is the perfect balance between the vintage and the contemporary, giving life to the mid-century modern style that distinguishes these two luxury home design brands.

With light fixtures by DelightFULL, a brand that is well-known for producing luxurious and unique lamps and lavish, sumptuous furniture by Essential Home, this Tribeca Loft Project combines the New York City cosmopolitan vibe and the mid-century style, achieving a splendid and magical aura.
