COOLORS | COLLECTION

The power of color is a cool phenomenon which inspired the creation of the COOLORS collection. Colors play an important role in our physical environment. They are used for their aesthetics as well as their ability to influence the human psyche through the stimulation of one's visual sense. Colors induce many emotions and states of mind most of which are subjective, however some are more universal such as the ability of warm colors to create a feeling of comfort and the calming effects of cool colors. By associating color sensations with our collection, we intend to stimulate emotions that allow all who come in contact with our designs the chance to identify themselves with them and bring some color into their world.

MIDCENTURY MODERN LIGHTING

DelightFULL's lighting embodies a sincere passion for innovation and a true dedication to the revival of local artisan craftsmanship through long-lasting masterpieces.

"Strongly sculptured forms, reduced shapes, clear lines and plenty of color splashed by a retro code - this is what characterizes our collections. The styling is luxurious but always effortless. Groovy elements are unconventionally reinterpreted. Charismatic shapes and noble materials create an elegant look of modernity with a smart sense of joy" by designer Diogo Carvalho.

HERITAGE COLLECTION

DelightFULL's collection Heritage is keeping it real, employing materials and color schematics that are aesthetically appropriate to the '40's, '50's and '60's. There is extensive use of materials as brass and aluminum along side ample options as finishes: gold, copper, nickel, as well ample amounts of black, white and gold, as well as regular and welcome pops of retro color.

GRAPHIC COLLECTION

A big splash of color and joy mixed up with wide selection of iconic fonts and quality materials chosen specifically by DelightFULL's studio: that's the Graphic Collection's essence. BRABBU | DESIGN FORCES

**BRABBU IS MORE THAN A DESIGN BRAND,
IT IS A STATE OF MIND.**

BRABBU is a design brand that reflects an intense way of living, bringing fierceness, strength and power into an urban lifestyle. We design and produce a diverse range of furniture, like casegoods, upholstery, lighting, rugs and accessories that tells stories from the nature and the world.

Created in 2011, BRABBU debut for the interior design community was in September at Decorex International trade show in London. Since then, the brand regularly attends in the main design events like Maison & Objet Paris, iSaloni Milan, Light + Building Germany, ICFF New York, High Point North Carolina and AD Show New York, among many others.

Besides the shows, BRABBU has been chosen to be part of important residential and hospitality projects like The Emirate Hills in Dubai by Nikki B Interiors, The Castel Brac à Dinard Hotel in France by Sandra Benhamou or the ERWIN restaurant and bar in Moscow by MMZ Project..

Since November 2015, BRABBU has also a new home: the COVET London Apartment, gathering luxurious furniture pieces in the heart of Chelsea.

The most iconic pieces were featured in renowned interior design, architecture and decoration magazines: Elle Décor, Bridge for Design or Residence Russia are some examples, being the cover of several ones like AD Russia in 2015.

It was also among the best design brands chosen by AD Collector and AD Choice Germany. BRABBU pieces tell stories from the world, written by materials, textures, scents and colours which live in the nature or are part of the cosmopolitan life. Are you ready to embrace this journey?

KOKET | LOVE HAPPENS

DEAR KOKET DEVOTEES

Never has the time felt more right for me than now to develop a brand that is truly a personal reflection of who I am. KOKET offers a glimpse into my world and everything that moves me. It is what I believe in, where I have been, and where I will take the brand; all closely tied to my personal growth.

I am comfortable taking risks—and often, turning heads and commanding attention. KOKET is not about design trends or fulfilling design voids. It is a highly edited collection—not just of pieces of furniture, but a collection filled with the experiences, simple pleasures, passions and life events that have shaped me.

My Guilty Pleasures and Exotic Opulence collections are composed of dramatic case goods, luscious upholstery, exquisite lighting and decadent furs, made from sought-after, high quality materials.

Within my collection, I embody the multiple, complex and beautiful sides of a woman, truly speaking to her inner desire. My favorite representation of this is the striking Divine Armoire. The natural iridescent peacock feathers represent the exotic inner goddess, while the golden ribbon handle channels the fantasy and innocence of a young girl. The interior is lined with decadent antique mirror, a finish that helped inspire my creativity and the creation of KOKET.

I am constantly working to grow the brand to offer women the KOKET lifestyle. I am pleased to say that in 2016 KOKET plans to launch their own fabric collection filled with an array of plush velvets, smooth satins and supple leathers.

Through KOKET I will share ma joie de vivre and coquettish frill while empowering you to follow my lead and take risks to create your own sense of individual style—for yourself, your home and your life.

Fall in love with KOKET and let me empower you through my collection!

With all my love,

A handwritten signature in black ink, appearing to read "Jant".

ESSENTIAL HOME | MID-CENTURY FURNITURE

GATHER YOUR FRIENDS AT HOME WITH A GLASS OF GIN

Essential Home is the epitome of thoughtful bohemian design. Its unique designs, characterized by a colorful mélange of materials, merge important historical references from the '30s up to the 60's with contemporary influences.

The harmony between masculine and feminine, classic and contemporary, softness and boldness, is integral to the brand's sharp sense of eclecticism and daring iconic style.

Essential Home deals with different, intimate and cozy ambiances that express the elegance and refinement of a luxurious home with a midcentury modern signature.

A CAREFUL ANALYSIS OF THE '50s.

A union characterized by sensitivity, colors, matter and design. Here is how the ambiances, through a strongly evocative connotation of the '50s, give their guests a sort of union between past and present.

Through the use of real, ageless materials such as solid walnut and oak combining it with eye catching brass and the characteristic smell of real leather, this results in an eclectic atmosphere, characterized by matt, soft and cozy tones.

ESSENTIAL HOME
ANDERSON RUG

This versatile design rug full of attitude is made of handtufted 100% Wool that will really stand out in your home decor. It is a harmonious piece that simultaneously transmits you the impression of a wavy texture. The strength of the sea and the softness of the blue color. Inspire in the colorful and out of the box director Wes Anderson might seem to be an odd association with the greyish color rug but the surprising take on an usual rug might be right up.

CIRCU
ROCKY ROCKET

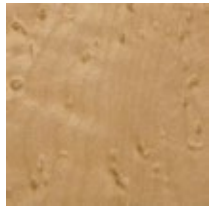

Rocky Rocket is a masterpiece all made by hand. the body is made of fiberglass, with a masc paint, to reproduce the squares. The interior is made of velvet upholstery. Inside, it has a RGB light and sound system which are controlled by a mobile app (Ilight) or a remote with several options: choice of music, light color, light effects, and sleep time. Engines are made of fiberglass and their interior is made with a new velvet flocking technique. The staircase is made in wood with a small safe secret. This safe is made of gold leaf. All finishing is made with non-toxic paints and varnishes.
