About Ginger & Jagger

Launched in Europe in 2012, Ginger & Jagger is a product design brand that prides itself on creating handcrafted high-end contemporary products inspired by Nature.

Designed and produced in Porto, land of craftsmen and age-old tradition, Ginger & Jagger's Earth to Earth collection is an evocative poetic realm, where Nature's sculptural shapes are eternalized through handcraft, with unique artisanal techniques and an outstanding blend of superb materials such as brass, copper, exotic woods and marble.

Ginger & Jagger is for the aesthetes, the rebels, the travellers and the lovers. Ginger & Jagger motif is infusing a living space with the thrill of wanderlust, bringing you the pureness of Nature, the origins of the world, its wildness and the wilderness.

The new Portuguese label uses the shapes of stones, vines and branches to create modern furniture designs.”

How to Spend It | Financial Times

“(at the) M&O fair in Paris saw Portuguese brand G&J show a stunning sideboard, Fractal, which uses inlaid marble in rose, white and black for an interesting riff on an ancient technique.”

YATZER

Each of the brand’s stunning large scale items, which take a single artisan many weeks of handcrafting to produce, is a functional work of art; a masterpiece constructed not just with respect to nature but based on nature.
