DESIGN BY VILLEROY & BOCH

DESIGNED FOR YOUR DAILY DELIGHT

We want you to feel at home in your bathroom. As a place where you can revel in timeless and smart design throughout the day. Your own private retreat where you can unwind. With this in mind, we create bathrooms that stand the test of time with their own special appeal and functionality.

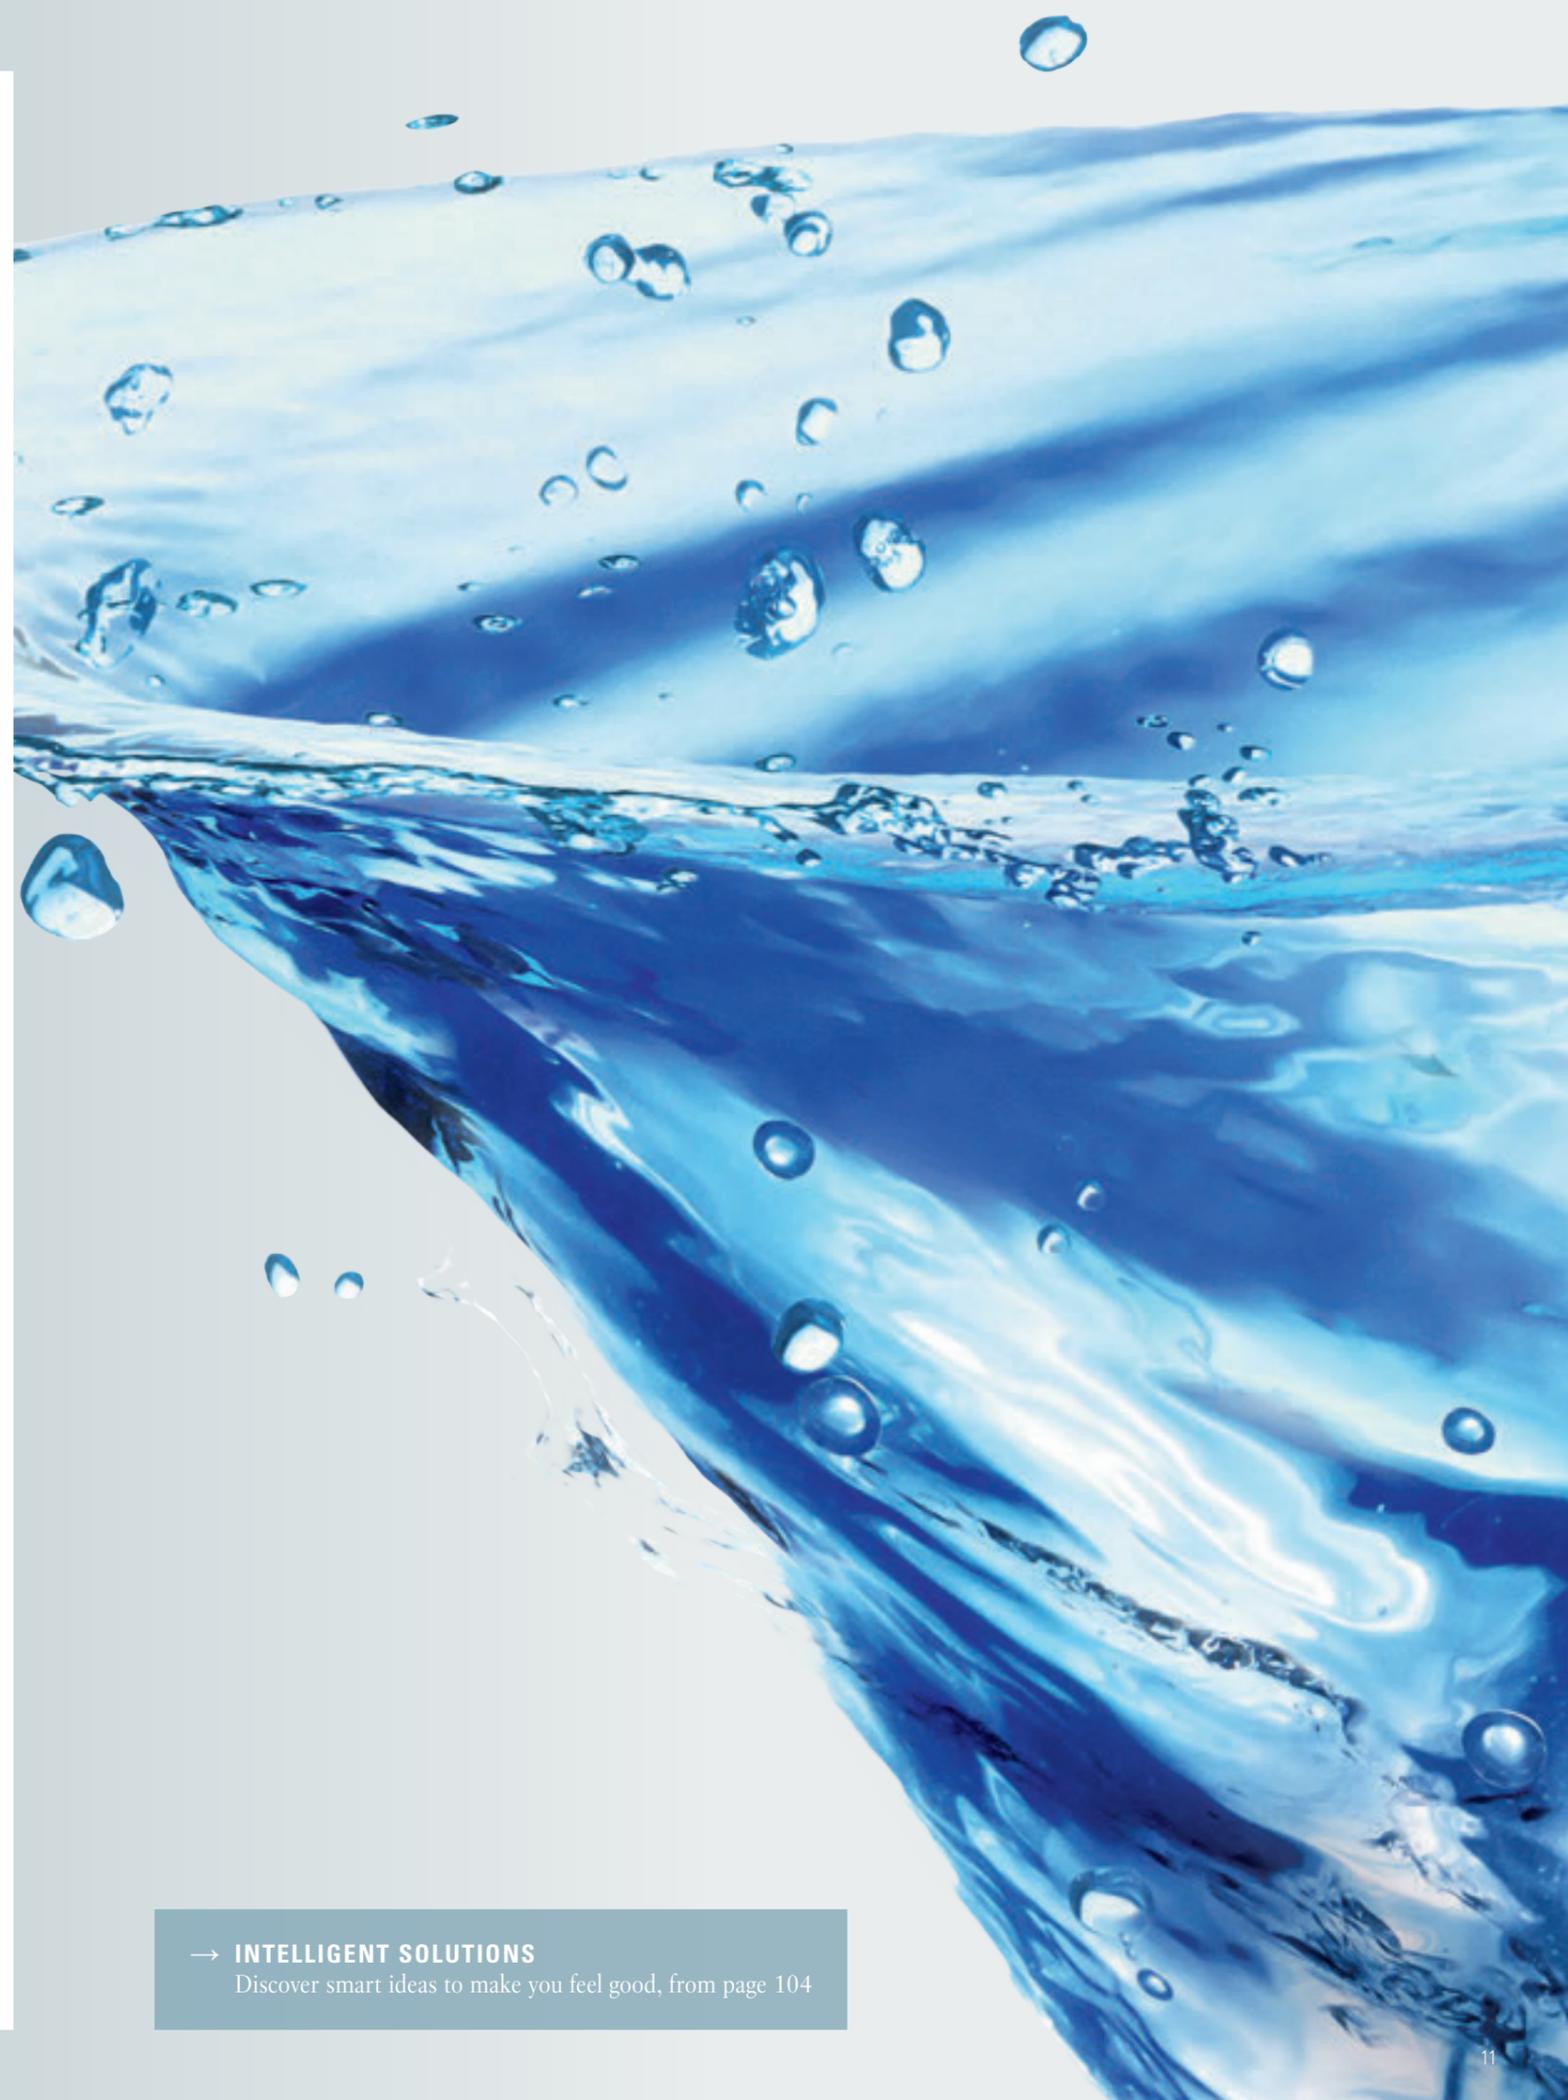

THE VERY BEST QUALITY: DON'T SETTLE FOR ANYTHING LESS

Since 1748 we have been developing products to the highest standards: with precision craftsmanship, a love of ceramics and state-of-the-art technology. We aim high on quality, putting our products through more than 25 quality control checks to ensure that, for years to come, everything in your bathroom will work as perfectly as on day one.

INNOVATIONS TO ENHANCE THE QUALITY OF LIFE

We are always striving for improvements in the bathroom. How can we make things more comfortable and convenient? How can your bathroom be made even safer? How can we help to protect the world's ever more precious resources in the bathroom? Our innovations provide fresh answers to these questions. They make everyday life a little easier and ensure that you feel at home in your bathroom.

FOR A STYLISH PERSONAL TOUCH

Renovating or redesigning a bathroom provides an opportunity to express your own personal style. Our creative style experts offer ideas and tips.

PATRICK FREY

Finding the simplest solutions to everyday problems is this product designer's credo. He applies intelligent ideas to develop functional products boasting high usability and aesthetic appeal. Because items that are enjoyable to use generate a feel-good factor.

patrick-frey.com

GESAHANSEN

With an unmistakable love of natural colours, this German-Danish designer creates beautiful furniture in Scandinavian style. For Villeroy & Boch, the Parisian by choice developed an exclusive colour concept that introduces individual accents to the bathroom.

CHRISTIAN HAAS

This designer's hallmark is his original use of materials: If porcelain, metal, marble or ceramics – all the items he creates have their own interesting story to tell. A story that unravels as we spend our lives in their company.

UTE LAATZ

In her role as an editor, this interior expert concerns herself with a diverse array of different styles, always keeping a keen eye on the needs of real people in real homes. She knows the latest trends but is also aware that a bathroom is not as readily replaceable as a handbag or a tie.

INSPIRING COLOUR

“Purposefully used colours work wonders: Small rooms appear larger, cold rooms warmer and cosy rooms even more personal. A colour concept helps to set the right tone.”

BATHROOM COLLECTIONS

Would you like to relax in a spacious bath? Or is storage space particularly important to you? Are you keen to use a water-saving toilet? Or would you like to deck out your bathroom in an impressive colour concept? Or do you want the whole lot? Our collections cover almost every design wish and offer individual solutions for the most diverse layouts. The common aim of all the collections is to turn your dream bathroom into reality.

INGENIOUS EXTRAS FOR TOILETS AND WASHBASINS

Discover hygienic surfaces that are effortless to clean in next to no time and flushing technologies that clean your toilet particularly thoroughly and save water into the bargain. Our intelligent solutions for bathroom ceramics will also keep your toilet and washbasin looking as attractive as on day one for many years to come.

VICLEAN-I 100

VICLEAN-I 100

Our ViClean-I 100 is a shower toilet that will leave you feeling delightfully fresh all day long. Enjoy a pleasant cleansing experience with warm water, perfect hygiene and simple use. You'll never want to do without this fresh feeling again.

- Unique HarmonicWave spray featuring wave motions
- A fresh feeling like after a shower
- Dirt-repellent materials for perfect hygiene
- Simple to use with the straightforward remote control
- Optional ViClean app saves individual settings
- Received the Red Dot Design Award

TWISTFLUSH

TwistFlush is the new toilet flushing system which ensures optimum flushing. A controlled flow of swirling water generates a very powerful vortex which effectively removes soiling. The steep, ultra-smooth walls keep the conically shaped, rimless bowl largely free of soiling - and the flushing action deals with the rest.

- Powerful swirling water
- Saves up to 19,700 litres* of water a year
- Virtually brush-free
- Tough on dirt and germs
- Practically no splashing
- Ultra-quiet flushing

*4-person household, compared to a conventional 6-litre flush. Average use: 5x per person per day, based on information from the German Federal Environmental Agency.

DIRECTFLUSH

Thanks to their innovative rimless design, DirectFlush toilets allow very fast and thorough cleaning. On conventional toilets the rim is U-shaped, making it difficult to access. On DirectFlush toilets the top rim of the bowl is L-shaped, making it easier to clean.

- Simple and immaculate cleaning and care
- The inside of the bowl is flushed completely
- Ideal water flow for maximum flushing effect
- Water-saving, with a flushing volume of only 3 or 4.5l

VICONNECT AND PROACTIVE+

Our intelligent combination of sturdy installation and a smart flush plate: ViConnect is a robust frame system in which the flushing, waste water and installation elements are discreetly integrated. The ProActive+ flush plate additionally provides particularly smart and convenient flushing.

- Water-saving flushing volume selector for large or small flush
- Flush plates in white glass or stainless steel look
- ProActive+ with intelligent added features, such as automatic flush, app control and pre-flush and hygiene flush

QUICKRELEASE

Toilet seats with the QuickRelease feature can be removed quickly and without tools for simple cleaning - and refitted just as simply.

- Easy and complete cleaning
- Simple replacement
- No tools required
- Hygienic solution

SOFTCLOSING

Toilet seats equipped with the SoftClosing technology close gently and quietly. Dampers integrated in the hinges prevent the seat and lid from slamming loudly shut.

- Gently slows the descent of the lid
- Lid closes quietly
- Safe and convenient
- Available for almost all toilet seats

EASYACCESS

Nothing gets lost in this unobtrusive siphon: There's no way through for earrings or milk teeth. And any other precious items accidentally dropped in the washbasin are caught in the integrated receptacle. The siphon is also easy to clean, as it's accessible from above.

- Catches any small items that drop into the outlet
- Invisible solution
- Easy to clean
- No tools required

ANTIBAC

This optional surface finish provides bathroom ceramics and toilet seats with lasting protection from bacteria. Silver ions which are incorporated into the finish almost fully eliminate the growth of germs.

- 99.9 % less bacterial growth
- Optimum hygiene effect
- Reduced use of cleaning materials
- Dermatologically tested
- Long-term protection

CERAMICPLUS

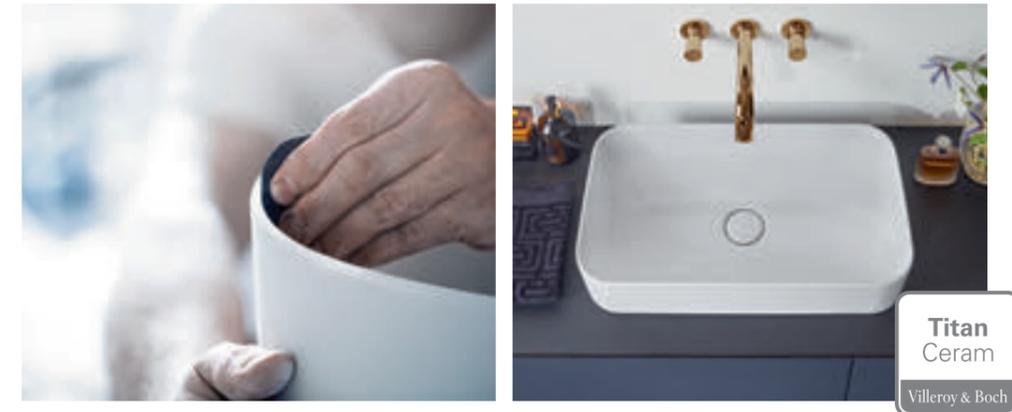

The refined surface finish is especially easy to clean. Thanks to the beading effect, droplets of water form into beads which flow off into the outlet taking limescale and soiling with them.

- Easy-clean and easy-care
- Scratch-resistant, durable surfaces
- Hygienic and clean
- Resistant to household acids and alkalis
- Reduced use of cleaning materials

TITANCERAM

This innovative ceramic material from Villeroy & Boch combines a range of outstanding properties. It enables precise design, sharply defined edges and uniquely detailed and delicate forms.

- Made of natural raw materials, such as feldspar, quartz and clay
- Exceptional strength
- Particularly thin walls
- Enables fine forms and narrow radii

TITANGLAZE

This glaze consisting of crystalline aluminium oxide provides ceramics with a permanent high-strength protective matt coating.

- On-trend matt look
- Extremely robust
- Preserves the quality of ceramics
- Particularly scratch- and impact-resistant

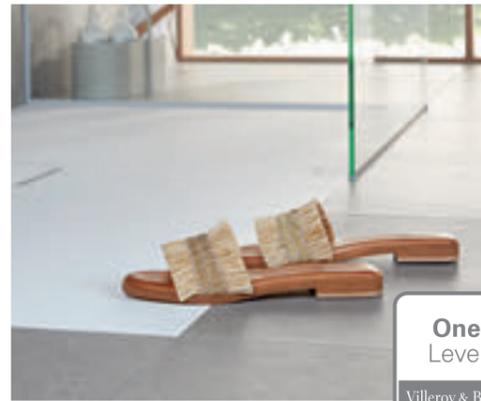

TOP FEATURES FOR SHOWER TRAYS AND BATHS

Our materials and structural designs enable forms and bathroom concepts which would have been unthinkable in earlier times. They make shower trays and baths more attractive, safer and even more comfortable and convenient. Our innovations also provide for enhanced robustness and functionality, so that you can enjoy your shower and bath for many years to come.

ONELEVEL

Floor-flush showers blend elegantly into the bathroom. They ensure a seamless floor and offer convenient entry, greater freedom of movement and an improved feeling of space.

One Level
Villeroy & Boch

- Ultra-flat, highly robust shower trays
- Harmonious, discreet floor design for contemporary bathroom architecture
- Safe and easy entry
- Customised sizes available
- Particularly easy to clean

ANTISLIP

Quaryl® surfaces offer maximum slip resistance by natural means. A firm foothold and safe showering are guaranteed, even on wet surfaces.

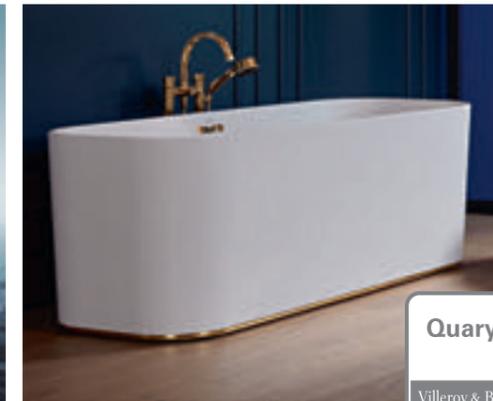

Anti Slip
Villeroy & Boch

- Quaryl® shower trays in matt colours with maximum slip-resistance
- Particularly hygienic thanks to non-porous, seamless surface
- Our acrylic shower trays in White Alpin can be supplied with Vibogrip anti-slip finish

QUARYL®

This exclusive and exceptionally robust material has a smooth and warm feel and is gentle to the skin. At the same time, Quaryl® also makes uniquely precise designs possible.

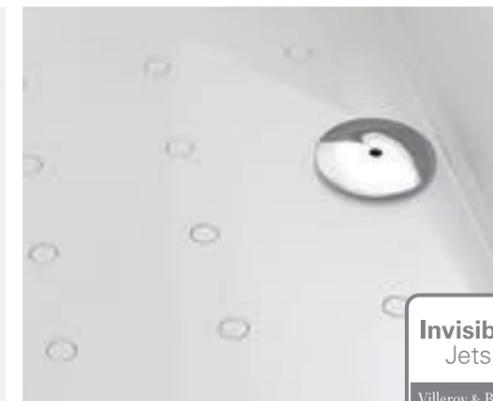

Quaryl®
Villeroy & Boch

- Consists primarily of natural quartz
- For exclusive products with uniquely precise forms
- Sound-absorbing, shock- and scratch-proof
- Particularly hygienic and pleasantly warm to the touch
- Easy-care surfaces for a lasting brilliant sheen
- Wide range of glossy and matt colours

INVISIBLEJETS

These massage jets are stylishly concealed in the whirlpool in the interests of discreet aesthetic appeal in the bathroom. And most important of all, they provide for the utmost in relaxation.

Invisible Jets
Villeroy & Boch

- Whirlpool jets that are virtually invisible when not in use
- Integrated entirely flush in the bath
- Quaryl® cover in Gold, Chrome or White for an exclusive look
- Flush fit provides for easy cleaning

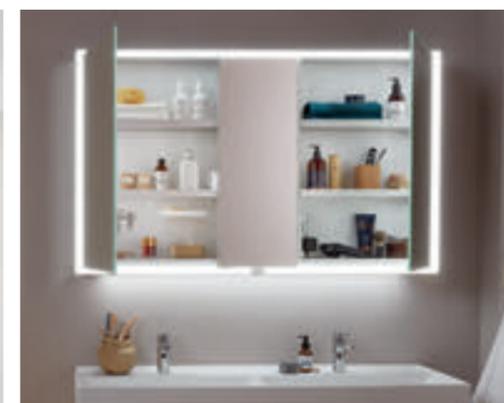

BATHROOM FURNITURE WITH ADDED VALUE

Bathroom furniture from Villeroy & Boch turns the bathroom into an oasis of well-being. It also performs a host of practical functions - keeping everything neat and tidy, providing storage space and brightening up the bathroom with atmospheric light. We apply great craftsmanship to produce our furniture in prime quality for your lasting enjoyment.

LIGHTING

Direct and indirect light sources provide a simple but effective means of conjuring up an atmospheric setting. Integrated in a mirror, a mirror cabinet or other furniture items, the long-lasting LED lighting offers clear vision for shaving and applying make-up, and is also a stylish design feature.

- Diverse range of lighting solutions for mirrors, mirror cabinets and furniture
- Functional light for enhanced illumination, of drawers for example
- Atmospheric ambient light, in the form of undercabinet lighting for example
- Continuous dimmable from warm white to daylight white
- Simple to use via remote control, app or voice control
- Stylish design feature in the bathroom

QUALITY MATERIALS AND WORKMANSHIP

Craftsmanship and high-tech combine to make our bathroom furniture something really special. Dimensional accuracy and meticulous craftsmanship are hallmarks of each and every product. As are prime quality and a loving attention to detail.

- High-quality materials
- Precise workmanship
- Meticulously manufactured in Germany and Austria
- Strict quality controls at every production stage

STORAGE AND EASY-CARE PROPERTIES

Our well-conceived bathroom furniture allows you to make full use of the available space in your bathroom. And to keep everything looking good without requiring constant cleaning, our easy-care materials guarantee a perfect appearance that lasts.

- Vanity units, tall and side cabinets offering plenty of storage space
- Full-extension drawers
- Smart interior layouts featuring separate compartments and non-slip mats for example
- Easy-care furniture surface finishes, with anti-fingerprint coating for example
- High-quality materials for wet rooms such as sealed, varnished wood or robust laminates
